A New Lease on Life.....

The item for this month is the contract between the City of Oklahoma City and LHBOA. This contract covers the expectations between both organizations for the next ten years. If you want to know the terms, this is your chance to learn.

Last month several of us went sailing after the meeting. At first we wondered if we would have enough wind, then we heard the weather warning, checked the radar and headed back in under sail. Bad move on our part. The gust front arrived before we got back into the harbor. Am happy to report John Robison got us back into the harbor and the boat was okay except for repairs to the sails and replacing the main halyard. (Margaret Robinson does wonderful sewing machine work.)

My other lake habit is the Sea Scouts. This is a co-ed program is for young people who have completed the 8th grade or are between the ages of 14 and 21. Our focus is sailing and we meet at 2:00 on Sunday afternoons between the courtesy dock and ranger station. We sail both large and small boats on Lake Hefner and sometimes head for the Gulf of Mexico on Martin Luther King week-end for Sea Scout Academy. Our motto is "fix boats, sail boats, break boats - start over". If you have a young person who might be interested, join us Sunday afternoon.

Hope you are enjoying the mild winds and avoiding the high temps.
